CREATE BUCKET

This action creates a bucket in Amazon S3 storage. Note that the Application ID and Application Secret for Amazon S3 must be defined (they are defined when you define a Document attribute stored in Amazon S3)

Syntax

```
CREATE BUCKET ArithmeticExpression ()
```

The expression must produce a string that contains region name and bucket name delimited by the dot symbol.

Example

```
CREATE BUCKET 'ap-southeast-2.MyBucket'
```
