# ELEMENT\_COUNTER

## Description

Returns the number of an element in the report, page, column or group (which is specified by pressing the Evaluation Details button in the Report/Presentation Designer – see [editing tag elements](#)). For example, if Details band contains 5 elements the value of the function for the first element will be 1, the second – 2 etc.

## Parameters

None

## Example

(to be used only inside tags in the Report Designer)
