## Function Limitations In Subqueries

<columns 100% 4% 48%>

DO NOT PLACE TEXT HERE

<newcolumn>

### Problem/Limitation Description

MIN, MAX and AVG expressions are not supported if used in subqueries on groups. For example the following query is not supported if Transaction is a group:

```
FIND Account WHERE (COUNT Transaction WHERE (MAX.Transaction.Amount = 1000))
```

<newcolumn>

### Work Around

Avoid using these expressions in subqueries <newcolumn> </columns>
