# **Table of Contents**

#### Known Issues,, IN,, Query

This is the template for INHERITED known issues pages - add a tag to Issue: to allow this to show on the tagged page

### **Use Of IN With Complex Identifiers**

This is a spacer column

## **Problem/Limitation Description**

IN expressions using complex identifier of the reference list are not supported if used in subqueries. For example, the following query is not supported:

FIND Client WHERE (COUNT Account WHERE (Account IN Client.Carrier.Accounts) > 3)

Note that the following query is supported:

FIND Client WHERE (COUNT Account WHERE (Account IN Client.Accounts)>3)

This is a spacer column

#### **Work Around**

Avoid using such constructs in queries
