# Appendix A. AwareIM Property Files

The following section explains the settings used in the **AwareIM** property files to initialize various software components.

**AwareIM** uses the following property files (all are located in the BIN directory of the **AwareIM** Installation):

1. `BASServer.props` - this property file is used by the **AwareIM** server
2. `UIConfig.props` - this property file is used by the Configuration Tool
3. `webapp.props` - this property file determines the properties of the **AwareIM** web application
