Aware IM 2

[Glossary](#), [Index](#), [Aware IM](#)

Aware IM

Aware IM is a configurable information management software system designed for businesses that cannot justify costs of custom-built software, or individuals with non-standard computing requirements. **Aware IM** allows non-technical people to configure an information management system for their needs without engineering assistance. Unlike traditional software applications with **Aware IM** the users can make frequent adjustments to the system whenever their needs change.
